#### NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

#### 1. BASIS OF PREPARATION AND ACCOUNTING POLICIES

The unaudited condensed consolidated interim financial statements have been prepared in accordance with the Hong Kong Accounting Standards ("HKAS") 34 "Interim Financial Reporting" and other relevant HKAS and Interpretations and Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and the disclosure requirements set out in Appendix 16 to the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). This unaudited condensed consolidated interim financial statements should be read in conjunction with the annual financial statements for the year ended 31 March 2013, which have been prepared in accordance with HKFRSs.

The accounting policies used in the condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 March 2013 except as described below.

In the current interim period, the Group has applied the following new and revised standards, amendments and interpretations ("new and revised HKFRSs") issued by the HKICPA:

Amendments to HKFRS 1 Government Loans Amendments to HKFRS 7 Disclosures – Offsetting Financial Assets and Financial Liabilities Amendments to HKFRS 10, Consolidated Financial Statements, Joint Arrangements and HKFRS 11 and HKFRS 12 Disclosure of Interests in Other Entities: Transition Guidance Consolidated Financial Statements HKFRS 10 HKFRS 11 Joint Arrangements HKFRS 12 Disclosure of Interests in Other Entities HKFRS 13 Fair Value Measurement Amendments to HKAS 1 Presentation of Items of Other Comprehensive Income Employee Benefits HKAS 19 (as revised in 2011) HKAS 27 (as revised in 2011) Separate Financial Statements HKAS 28 (as revised in 2011) Investments in Associates and Joint Ventures Amendments to HKFRSs Annual Improvements to HKFRSs 2009 - 2011 Cycle HK(IFRIC) - Int 20 Stripping Costs in the Production Phase of a Surface Mine

#### Amendments to HKAS 1 Presentation of Items of Other Comprehensive Income

The amendments to HKAS 1 introduce new terminology for the statement of comprehensive income and income statement. Under the amendments to HKAS 1, a statement of comprehensive income is renamed as a statement of profit or loss and other comprehensive income and an income statement is renamed as a statement of profit or loss. The amendments to HKAS 1 retain the option to present profit or loss and other comprehensive income in either a single statement or in two separate but consecutive statements. However, the amendments to HKAS 1 require items of other comprehensive income to be grouped into two categories in the other comprehensive income section: (a) items that will not be reclassified subsequently to profit or loss and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. Income tax on items of other comprehensive income is required to be allocated on the same basis. The amendments do not change the option to present items of other comprehensive income either before tax or net of tax.

The Group has renamed "statement of comprehensive income" as "statement of profit or loss and other comprehensive income" and the presentation of items of other comprehensive income has been modified accordingly upon the adoption of the amendments.

#### HKFRS 13 Fair Value Measurement

HKFRS 13 replaces existing guidance in individual HKFRSs with a single source of fair value measurement guidance. HKFRS 13 also contains extensive disclosure requirements about fair value measurements for both financial instruments and non-financial instruments. Some of the disclosures are specifically required for financial instruments in the interim condensed consolidated financial statements. In accordance with the transitional provisions of HKFRS 13, the Group has applied the new fair value measurement requirements prospectively. The adoption of HKFRS 13 does not have any material impact on the fair value measurements of the Group's assets and liabilities.

Except for the above, the adoption of these amendments to standards has no significant impact on the results and financial position of the Group.

The Group has not early applied the following new and revised HKFRSs that have been issued but are not yet effective:

Amendments to HKFRS 9 and HKFRS 7	Mandatory Effective Date of HKFRS 9 and Transition Disclosures <sup>2</sup>
HKFRS 9	Financial Instruments <sup>2</sup>
Amendments to HKFRS 10,	Investment Entities <sup>1</sup>
HKFRS 12 and HKAS 27	
Amendments to HKAS 32	Offsetting Financial Assets and Financial Liabilities <sup>1</sup>
Amendments to HKAS 36	Recoverable Amount Disclosures for Non-Financial Assets <sup>1</sup>
Amendments to HKAS 39	Novation of Derivatives and Continuation of Hedge Accounting <sup>1</sup>
HK(IFRIC) – Int 21	Levies <sup>1</sup>

#### *Notes:*

- <sup>1</sup> Effective for annual periods beginning on or after 1 January 2014.
- <sup>2</sup> Effective for annual periods beginning on or after 1 January 2015.

#### **HKFRS 9** Financial Instruments

HKFRS 9 issued in 2009 introduced new requirements for the classification and measurement of financial assets. HKFRS 9 was amended in 2010 to include requirements for the classification and measurement of financial liabilities and for derecognition.

Key requirements of HKFRS 9 are described below:

- All recognized financial assets that are within the scope of HKAS 39 Financial Instruments: Recognition and Measurement to be subsequently measured at amortized cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortized cost at the end of subsequent reporting periods. All other debt investments and equity investments are measured at their fair values at the end of subsequent accounting periods. In addition, under HKFRS 9, entities may make an irrevocable election to present subsequent changes in the fair value of an equity investment (that is not held for trading) in other comprehensive income, with only dividend income generally recognized in profit or loss.
- With regard to the measurement of financial liabilities designated as at fair value through profit or loss, HKFRS 9 requires that the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value of financial liabilities attributable to changes in the financial liabilities' credit risk are not subsequently reclassified to profit or loss. Previously, under HKAS 39, the entire amount of the change in the fair value of the financial liability designated as fair value through profit or loss was presented in profit or loss.

HKFRS 9 is effective for annual periods beginning on or after 1 January 2015, with earlier application permitted.

The Directors anticipate that the adoption of HKFRS 9 in the future may have a significant impact on the amounts reported in respect of the Group's financial assets and financial liabilities. However, it is not practicable to provide a reasonable estimate of that effect until a detailed review has been completed.

# Amendments to HKAS 32 Offsetting Financial Assets and Financial Liabilities and the related disclosures

The amendments to HKAS 32 clarify existing application issues relating to the offset of financial assets and financial liabilities requirements. Specifically, the amendments clarify the meaning of "currently has a legally enforceable right of set-off" and "simultaneous realization and settlement".

The amendments to HKAS 32 are not effective until annual periods beginning on or after 1 January 2014, with retrospective application required.

The Directors anticipate that the application of these amendments to HKAS 32 may result in more disclosures being made with regard to offsetting financial assets and financial liabilities in the future.

The Directors anticipate that the application of the other new and revised standards and amendments will have no material impact on the results and the financial position of the Group.

The acquisition constituted a connected transaction under Chapter 14A of the Listing Rules, and completion took place on 11 October 2013.

Following the completion, the Target BVI has become an indirect wholly-owned subsidiary of the Company, and the financial result and position of the Target BVI and its subsidiaries (collectively referred to as the "**Target Group**") will be consolidated into the consolidated financial statements of the Group. #### **OPERATIONAL REVIEW**

The following sets out the major developments of the Group during the Reporting Period.

## **Current Operations**

#### Aohan Qi Mine, Inner Mongolia

The key activities for Aohanqi Xinrui En Industry Co., Ltd. ("Aohanqi") in 2013 are the construction of the main tunnels for the four vertical access shafts and related exploration and mining operation. By the end of September 2013, the accumulated length of tunneling reached 2,770.64 metres with 420.55 metres of underground drilling, while the ore dressed by the processing plants totaled 26,252 tonnes. Besides, the procedures for approval of the tailing pond and for land requisition were further improved.

To materialize the next stage of the related work, such as exploration and mining, sufficient support of liquidity will be indispensable, as it was disclosed in the 2013 annual report of the Company that Aohanqi needs sufficient liquidity support. Aohanqi has applied to relevant government authorities for an increase of the total investment, in order to address the lack of working capital. However, the application is still pending approvals by the aforesaid authorities up to the date of this announcement. The Company, as a foreign shareholder of Aohanqi, also tried to propose to increase the registered capital of Aohanqi as working capital to the Chinese cooperative shareholder of Aohanqi, but no consent has been given by the Chinese cooperative shareholders regarding such proposal. If Aohanqi could not obtain working capital on a timely basis, it may pose significant and adverse impacts on Aohanqi's future production and operation activities.

#### Zhongyi Weiye Heilongjiang Mines, Heilongjiang Province, PRC ("Zhongyi Weiye Heilongjiang")

The main task of Zhongyi Weiye Heilongjiang for 2013 is to conduct drilling verifications and related assay work based on achievement of previous work. As at the date of this announcement, the related drilling and assay work are in progress. It is expected that field work will be completed within the month of November 2013. The report on work results and related information are being compiled.

## Proposed Acquisition of Qing Jiao Gold Mine (箐腳金礦)

The proposed acquisition under this project is subject to the approval of the shareholders of the Company ("Shareholders") (among other conditions). Despatch of circular to Shareholders in connection with such project will be postponed to the end of 2014 as additional time is required for the Company to prepare the information to be contained in the circular, especially the technical report for the Qing Jiao Gold Mine which was originally expected to be available before August 2012. As at the date of this announcement, the Directors expect that the despatch date of the said circular will be further postponed to November 2014. Please refer to the Company's circular dated 3 September 2013 for further details. The Company keeps contacting the vendor to check the progress of the reorganization (as defined in the Company's circular dated 3 September 2013) from time to time and making appropriate work arrangements according to its progress.

Following such completion, Target BVI has become a wholly-owned subsidiary of the Group. At completion, the tranche 1 payment was settled by the issue to the Vendor of (i) the tranche 1 convertible bonds (which carry, among other rights, the right to convert the convertible bonds into shares of the Company at the initial conversion price of HK\$0.37 per share) in the principal amounts of HK\$75 million; (ii) a five-year 1.5% per annum promissory note in the principal amount of HK\$150 million and (iii) as to HK\$200 million by applying the deposit (which was paid upon the signing of the Agreement) to satisfy the payment of the amount.

Mr. Leung is a connected person by virtue of him being a Director and a substantial shareholder of the Company. As such the Acquisition constituted a connected transaction of the Company under Chapter 14A of the Listing Rules. The Acquisition also constituted a very substantial acquisition of the Company under Chapter 14 of the Listing Rules. The Agreement was approved by independent shareholders at the extraordinary general meeting of the Company held on 11 October 2013.

The Company confirms that in connection with the Acquisition, it has complied with the applicable requirements under Chapter 14 and 14A of the Listing Rules.

### Other Opportunities

On 19 August 2013, the Company entered into a memorandum of understanding with an independent third party in relation to a possible acquisition, details of which were set out in the announcement of the Company dated 19 August 2013. The Company engaged a related professional consulting company in PRC, which advised the Company in relation to conducting preliminary field work on the PRC company (as defined in the Company's announcement dated 19 August 2013) with the officers of the Company. At the same time, the Company discussed with the shareholders of the target company, Hong Kong Rich Power Development Limited, on such acquisition from time to time, in order to prepare for financing with the completion of such acquisition.

Substantially all of the Group's revenue and cost of sales are denominated in the functional currency of the operating units generating the revenue, and substantially all of the cost of sales are denominated in the operating unit's functional currency. Pursuant to the Code Provision A.5.1, the Company should establish a nomination committee which should be chaired by the chairman of the Board or an independent non-executive Director. However, the Company has not established a nomination committee but it has formulated the policy statement (the "Policy Statement") regarding nomination of Directors and senior officers. To ensure compliance with the Code in the future, the Company has arranged and will continue to arrange to furnish all Directors with appropriate information on all general meetings and take all reasonable measures to arrange the schedule in such a cautious way that all Directors (including the chairman of the Board) can attend the annual general meeting.

#### Independence of Mr. Cai Wei Lun

Mr. Cai Wei Lun ("Mr. Cai") has been an independent non-executive Director ("INED") of the Company since June 2004. He served on the Board for approximately 9 years, and was due for retirement at the last annual general meeting and was re-elected.

During his service with the Company, Mr. Cai has not received any remuneration, nor exercised any option to subscribe for shares granted by the Company to him.

Having regard to Mr. Cai's ability to provide an independent view to the Company's matters during his years of appointment, notwithstanding his having served the Company as INED for approximately 9 years and the matters mentioned below, the Board considered that Mr. Cai was able to continue to fulfill his role as INED.

The Board noted that (which was also disclosed in the Company's interim report (dated 28 November 2012) for the six months ended 30 September 2012, options ("**Options**") were granted by the Company to Mr. Cai to subscribe for (i) 340,000 shares in the Company ("**Shares**") pursuant to the Company's old share option scheme (which was adopted by the Company on 25 April 2002 and terminated on 20 April 2012) ("**Old Share Option Scheme**") on 8 May 2006; and (ii) 7,700,000 Shares pursuant to the Company's new share option scheme (which was adopted and approved by the Shareholders on 20 April 2012) ("**New Share Option Scheme**") on 26 April 2012.

The Company noted that Mr. Cai's entitlement to interests in Shares (on the assumption that all the Options had been exercised) would represent about 1.04% of the total number of issued Shares, which exceeds by 0.04% of the 1% guideline for purpose of Note 2 to Rule 3.13(1) of the Listing Rules. The increase in Mr. Cai's entitlement was due to the grant in April 2012 of the Option to subscribe for 7,700,000 Shares as mentioned in item (ii) in the immediately preceding paragraph. The Directors noted that the extent of grant which rendered Mr. Cai to become entitled to more than 1% of the total number of issued Shares at the relevant time was immaterial and was caused by an inadvertent oversight.

In order to rectify the situation, all the above Options were cancelled on 23 May 2013, thus decreasing Mr. Cai's interest of total issued share capital of the Company to nil.

Having considered the factors mentioned above and the guidelines as set out in Rule 3.13 of the Listing Rules, the Directors are of the view that Mr. Cai's independence during the six months ended 30 September 2013 and in the future will not be undermined.

### PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES
